vi) Institutional set-up for liquidity risk management

The Asset Liability Committee (ALCO), constituted by the Board, holds primary responsibility for managing the company's liquidity risk and asset-liability mismatches (ALM) in accordance with the risk tolerance limits approved by the Board. ALCO oversees liquidity and funding requirements, ensures an appropriate balance between assets and liabilities, and regularly reviews the maturity profile of financial assets and liabilities. The committee manages liquidity through a mix of cash reserves, unutilized banking facilities and credit lines.
